Vote threshold: whichever is greatest (Michigan Bureau of Elections threshold)

Vote threshold: whichever is greatest (Michigan Bureau of Elections threshold)

- 1) 10 votes
- 2) .15 of 1% of the total population, as reflected by the last official federal census, of the district represented by the office sought by the write-in candidate. $1,626 \times .0015 = 2.44$
- 3) 5% of the greatest number of votes cast under the write-in candidate's party for all candidates running for any office for which only one candidate is to be elected within the district represented by the office sought by the write-in candidate. $\text{Governor } 281 \times 5\% = 14.05$
