 Subject: QVF Voter Registration List for the Special Election

Enclosed is your bar coded QVF PRECINCT LIST for the August 6, 2019 Special Election.

Upon verification of the voters photo identification please read and follow these instructions *carefully*:

1. **Highlight the bar code** in yellow next to each voter's name who voted. *
2. If an error is made, please highlight over the yellow with blue. **
3. If the voter, on whose name the mistake was made, arrives to vote, highlight their **name** in yellow rather than the bar code. ***
4. Please **do not make any other marks** near the bar code.
5. If there is **no bar code** for a voter, this means we need his/her Driver's License Number. If the individual appears at the polls to vote, please write the DL # in the blank space, then highlight it in yellow.
6. Be sure you acquire any Verify or Challenged Information **BEFORE you issue a ballot**.
7. An explanation for the Verify and Challenge Codes and other abbreviations are listed on the next page.
8. If you are unable to locate a potential voter in the QVF Precinct List, refer to the colorful Voter Not on the List chart (Election Officials' Manual, Chapter 11, page 7).
 - If the voter has a validated voter registration receipt dated **July 22nd or prior**, ask him/her to complete a Voter Registration Application, surrender their receipt, and allow him/her to vote. (if the validated voter registration receipt is dated **since July 22nd**, direct the voter to your local clerk where they can register and vote today.)
 - If the person has a receipt from their local clerk, follow the instructions on the receipt.
9. Do not allow a person who said they previously voted here, to vote without first contacting the local clerk ... **there is a reason they can not be located on the Precinct List**.

It is very important to return this voter registration list with your election results (the #1 and #2 Envelopes) to the Local Clerk **immediately** upon completion with your unofficial results; **do not** seal this material in the ballot container. If it hasn't already, the history of electors who voted this election will be updated by the local clerk immediately after the election. If you have any questions, please contact your local clerk or Teri Loew at the county (269) 781-0988.
