

SPECIAL PROPOSAL ELECTION TEST DECK - Municipality/Precinct: _____, Precinct _____
 AUGUST 6, 2019 Special Election

GRAPH FOR ICP TESTING

Refer to January 2019 *BoE Test Procedures Manual* pages 29 - 31; AND *ElectionSource ICP Guide*

One Chart can be used for multiple precincts; however, a separate Test Deck must be created for each ballot style.
 The State recommends using black/blue ink pen, and to fold some test ballots to simulate an absent voter ballot.

B#	PROPOSAL SECTION				Rule #	Ballot #	Tab #	COMMENTS
	PROPOSAL 1 (one vote allowed)		PROPOSAL 2 (if applicable) (one vote allowed)					
	2 Yes	1 No	2 Yes	1 No				
1	0	0	0	0	1	1	1	Vote all positions (0)
2					2	2	2	Stray Marks (unused vote positions)
3					3	3	3	Blank Ballot
4	1		1		4	4	4	Vote Proposal correctly (1) 'YES'
5	0		0		5	5	4	Vote correctly using a different precinct or election ballot, or adding marks in coding area

7		1		1		7	6	T4 ICX ballot (votes cast for 2nd position/No)
8						8		
9						9		
10						10		
11						11		
12						12		
13						13		
TOT	2	1	2	1	TOTAL			

- * Transmit test results to the County. Once report is received back from the County, compare the Totals to your Totals Tape and this Test Deck Chart.
- * Seal all Test Materials, complete the Tabulator Test Certification form, VAT Preparation Checklist and Test Certification form, and the Ballot Container Certificate.
 NOTE: all Preliminary and Public Test Materials can be secured in same ballot container (refer to Test Procedure Manual pages 3 and 4).
- * Record seal number(s) in the Poll Book in the Clerk's Preparation Certificate.
